

Professional Services

Greetings, please find here the quotation for the professional services of Cristopher Salazar Arguedas for the development of a web application aimed at enhancing the image of the company Soluciones Innovadoras S.A. Key points on how the service will be provided are detailed below.

Service Breakdown

- System design.
- One-page style website development.
- Photo gallery.
- 5 navigation sections.
- Integration with communication channels (WhatsApp, SMS, Email).
- Weekly update and feedback meetings throughout the development process. The day of the week is selected to the client's convenience.
- Website hosting.
- Deployment to production.

The above specifications will be developed within an estimated timeline of **one month**, starting in **December 2024**.

Monthly payment for services: ₡500,000 (Five hundred thousand colones).

Important Considerations

- To begin project development, a 50% deposit is required in a bank account, with the remaining 50% due upon delivery.
- Maintenance is charged separately.
- The domain must be provided by the client; we can provide a domain for an additional fee, which will depend on the required domain.
- Future updates will be charged separately.
- Payment will be made in Costa Rican colones.
- Once the design is approved, no changes can be made. Any requested changes will incur an additional cost and may affect the delivery timeline.
- The website does not include a database.
- After delivery, the monthly hosting cost will be **₡10,000**.
